TIPS ON HOW TO RELEASE FISH

By carefully following these simple instructions you can release your fish.

1. Time is of the essence. Play and release the fish as quickly and carefully as possible. An exhausted fish may be too weak to recover.
2. Keep the fish in the water as much as possible. A fish out of water is suffocating and may injure itself on rocks, etc.
3. Be gentle. Keep your fingers away from the gills. Don't squeeze the fish. Small fish may be held gently around the middle. Let the fish swim from your hand upon recovery. Larger fish may be held securely by holding the tail and the bottom jaw area. If a net is used, be sure it is fine meshed to avoid injury to the gills and eyes.
4. Remove the hook with small pliers or use your thumb and forefinger to shake it loose. If the hook cannot be easily removed, cut the leader, the hook will rust out rapidly. If the fish is bleeding profusely or injured in any way, it may not survive.
5. To revive the fish, hold it in a swimming position in the water and move it back and forth gently until it is able to swim away.
6. Lake trout (togue) often have expanded air bladders after being pulled up rapidly from deep water. If the belly appears expanded, gently press your thumb along the stomach near the paired belly fins and move your thumb forward a few times to remove the air from the bladder, then proceed as in #5 above.

FISHING REGULATIONS - FORCE OF LAW AS PRINTED

Each biennial revision of this publication is filed with the Secretary of State and, as a result, the rules contained in this booklet have the force of law as printed herein.

To determine the laws (as enacted by the Legislature) and regulations (as adopted by the Commissioner) for a particular body of water: First, review the General Fishing Laws (Part A) pages 1 through 3; second, become familiar with the General Fishing Rules (Part B) pages 3 through 4 and third, refer to the Special Fishing Rules (Part C) pages 5 through 39 to determine if any special regulations are in effect for the specific body of water in which you are interested. Waters with special regulations are listed in alphabetical order by county along with the specific regulations which are in effect on each water body.

PART A - GENERAL FISHING LAWS

1. TO FISH means to take, catch, kill, molest, or destroy, or attempt to take, catch, kill, molest, or destroy any fish.

2. FLY means a single pointed hook dressed with feathers, hair, thread, tinsel, or any similar material to which no additional weights, hook, spinner, spoon or similar device is added.

3. FLY FISHING means casting upon water and retrieving in the usual and ordinary manner not more than 3 unbaited artificial flies individually attached to a line to which no extra weight has been added. (Note: It is a violation of State law to troll a fly in waters restricted to fly fishing only.)

4. GREAT POND means any natural body of water more than 10 acres in size. (Any person on foot may engage in any activity on a great pond which is not inconsistent with any other law or regulation of the State or its political subdivisions.)

5. INLAND WATERS means all waters within the State above the rise and fall of the tide, except private ponds.

6. SALMON means the same as landlocked salmon.

7. OPEN SEASON means the time during which it is lawful to fish for or possess any fish, as specified and limited by law or rule.

8. TRIBUTARY means a brook, stream or river flowing directly or indirectly into a lake, pond or another brook, stream or river. A lake or great pond shall not be construed to mean tributary. The tributary to a great pond shall not be considered a tributary to the outlet of that great pond.

9. Closed waters. It is unlawful to fish at any time in waters which are closed to fishing.

10. Closed season. It is unlawful to fish for any fish during the closed season on that species or to possess any fish taken during the closed season on that species.

11. Number, amount, weight or size limits. It is unlawful to fish for or possess fish in violation of the number, amount, weight or size limits of any rule adopted by the commissioner.

12. Two line restriction. It is unlawful to fish with more than 2 lines at any one time during the open water season.

13. Illegal fishing. Except as otherwise specifically provided, it is unlawful to fish other than by the use of the single baited hook and line, artificial flies, artificial lures and spinners. (Tandem flies are allowed when trolling.)

14. Use of illegal implements. Except as otherwise specifically provided, it is unlawful to fish with fish spawn, grapnel, spear, spear gun, trawl, weir, gaff, seine, gill net, trap or set lines or electronic, sonic or battery powered devices. (Electronic fish finders are legal.)

15. Possession of illegal implements. Except as otherwise specifically provided, it is unlawful to possess any grapnel, trawl, weir, seine, gill net or trap or set line.

16. Use of explosive, poisonous or stupefying substance. It is unlawful to take or destroy any fish by use of an explosive, poisonous or stupefying substance.

17. Jigging. It is unlawful to fish for any fish by jigging. (See rules pertaining to jigging on page 3.)

18. Trolling a fly. It is unlawful to troll a fly in waters which are restricted to fly fishing only.

19. Night fishing. Except as otherwise provided by special rule, all waters are open to fishing at night during the open water season.

20. Advance baiting. It is unlawful to deposit any meat, bones, dead fish or other food material for the purpose of luring fish.

21. Sale of certain fish prohibited. It is unlawful to buy or sell, directly or indirectly, any landlocked salmon, trout, togue, black bass, white perch or pickerel.

22. Failure to label fish. It is unlawful to keep black bass, salmon, togue or trout at any sporting camp, hotel or public lodging place without attaching to the fish the name and address of the person who caught them.

23. Illegal use of helicopter. It is unlawful to use a helicopter to transport fishermen or game fish to or from any pond under 10 acres in size or any beaver flowage.

24. Ten acre ponds. All ponds of 10 acres or less formed on brooks, streams or rivers are governed by the same fishing rules which apply to the brook, stream or river on which the pond is situated, whether the pond is natural or artificial. (This does not apply to private ponds.)

25. Hellgramites. It is unlawful to take, buy or transport any hellgramites for use beyond the limits of this State.

26. Smelts. Smelts may be taken at any time by use of a dip net, in the usual and ordinary way, from inland waters or portions of inland waters which are naturally free of ice, and where the taking of smelts is not prohibited by rule.

27. Salmon eggs as bait. The eggs of both Atlantic sea run salmon and landlocked salmon may be used as bait in fishing.

28. Removal of bag limit on bass. In waters where the bag limit on black bass has been removed by special rule, the season on black bass and the method of fishing for them shall be the same as for trout and salmon.

29. Suckers. Any person who has a valid fishing license may take suckers between April 1st and June 30th from all rivers, brooks and

streams which are open to fishing by use of a hand spear or bow and arrow. (Note: If suckers are taken by bow and arrow, the arrow must have a barbed or pronged point and must be attached to the bow with a line.)

30. Importation of fish. It is unlawful to import any live freshwater fish or egg into this State without written permission from the Commissioner. (Note: See section pertaining to live bait and bait dealers on page 42.)

31. Alewives. A licensed fisherman may take one bushel of alewives daily from inland waters by use of a dip net or single hook and line for consumption by himself or members of his family, except that alewives may not be taken from waters where a municipality or individual has been granted exclusive rights under laws regulating marine resources.

32. Use of live fish as bait. See section pertaining to live bait and bait dealers on page 42.

33. Dams and fishways. Except as explained below or unless otherwise provided by special rule, the area within 150 feet of any dam in which a fishway is located is closed to fishing at all times.

Exceptions:

a. At the following places, the fishway and the area within 50 feet of any part of the fishway is closed to fishing at all times:

1. East Outlet Dam at the outlet of Moosehead Lake in Sapling, Somerset County and Big Squaw Township, Piscataquis County.

b. At the following places in Washington County, the fishway and the area within 75 feet of any part of the fishway shall be closed to fishing at all times:

1. Woodland Dam and Grand Falls Powerhouse Dam on the St. Croix River in the Town of Baileyville;

2. East Grand Lake Dam in T9R4; and

3. Spednic Lake Dam, Vanceboro.

(Note: the above provisions do not restrict the taking of alewives and smelts in accordance with laws regulating marine resources.)

34. Fish hatcheries. Except as otherwise provided by special rule, all waters within 200 feet of any fish hatchery or rearing station are closed to fishing at all times.

35. Unity Utilities District. All waters on the property of the Unity Utilities District, located on Route 139 and Prairie Road in the Town of Unity, Waldo County, are closed to fishing at all times.

36. Illegal use of antifreeze. Adding substances containing ethylene glycol or other antifreeze agents to the waters of this State is a violation of T.38,§413.

PART B - GENERAL FISHING RULES

1. Possession limit. A person shall not possess at any time more fish than he may lawfully take in one day.

2. Special bag limit. Whenever any waters have a special bag limit, no person shall possess more than one day's bag limit taken from those waters.

3. County lines. Where county lines divide a body of water, the more liberal county rule shall apply.

4. "Trout": The term "trout" when used alone, includes only brook trout, brown trout, rainbow trout, sunapee trout, blueback trout and splake.

5. "Bass": The term "bass" means bass or black bass, including smallmouth and largemouth.

6. Mark fish. It is unlawful to tag, fin clip or otherwise mark any fish to be released alive into the inland waters of the State without the expressed written consent of the Commissioner.

7. Species identification. It is unlawful to possess or transport fish dressed in such manner that the species of fish cannot be identified unless the fish are being prepared for immediate cooking. (Smoking does not constitute cooking.)

8. Removal of heads and tails. It is unlawful to detach the heads or tails from salmon, trout, togue and black bass unless the dressed length is equal to or greater than the legal length or unless the fish are being prepared for immediate cooking. (Smoking does not constitute cooking.)

9. Jigging. Jigging means fishing for, catching, or killing with a hook or hooks manipulated in such a manner as to pierce and hook a fish in any part of the body other than the mouth. Any fish which is hooked in any part of the body other than the mouth shall be immediately released and returned alive, without further injury, to the water from which it was taken.

10. Water thoroughfare. Water thoroughfare means a waterway, without flowage, connecting two bodies of water.

11. Thoroughfares and bogs. The general fishing laws which govern lakes and ponds also apply to thoroughfares and bogs (includes seasons, bag limits, length limits, etc.).

12. Weight Limit. (Lakes/ponds/brooks/rivers/streams): No person shall take, catch or kill in any one day or possess at any time from any or all inland waters more than 7 1/2 pounds in the aggregate of salmon, trout and togue unless the last fish caught increases the combined weight to more than 7 1/2 pounds. Pickerel and whitefish are not included in weight limits.

13. Bass or Black Bass (smallmouth and largemouth). From April 1 to June 20, bass or black bass, (smallmouth and largemouth) may be taken only by use of artificial lures and the daily bag limit on bass is 3 fish. (Note: From June 21 through the remainder of the season, bass may be taken under general fishing provisions.)

Except as explained above or unless otherwise provided by special rule, no person shall take, catch or kill in any one day or possess at any time from any or all inland waters more than 7 1/2 pounds of bass or black bass, (smallmouth and largemouth) unless the last fish caught increases the combined weight to more than 7 1/2 pounds.

14. Bag limit, other species. No daily bag limit on species not mentioned, except Atlantic salmon. Atlantic salmon regulations are contained in a separate publication.

15. Legal fish become part of daily bag limit. Any legal fish, except baitfish and smelts, taken from inland waters shall be immediately released alive into the waters from which it was taken or shall be killed at once and become part of the daily bag limit.

PART C - SPECIAL FISHING RULES

In addition to the general laws and rules printed on pages 1 through 4, many waters (or portions of waters) have special fishing rules. The special rules may be either more liberal or more restrictive than the general provisions; however, whenever any variance occurs between a special rule and the general provisions, the special rule always applies. To determine which, if any, special rules have been adopted for a particular body of water, check for the name of the water in the alphabetical listing of waters under the appropriate county heading.

Waters which have names like "Third Mud Pond" will be listed as "Mud Pond, Third." Waters which lie in more than one county are listed under each appropriate county and cross referenced to the first county alphabetically. BORDER WATERS between Maine and New Brunswick and between Maine and New Hampshire are listed under separate headings on pages 40 and 41. All waters which do not have special rules are open to fishing under the general fishing provisions. In the Special Rules, all dates are inclusive.

SPECIAL RULES

The table printed below contains special rules which may apply to waters in ANY county. Whenever any water is followed by an S and a number, you must refer back to this table to determine which special rule applies.

ATLANTIC SALMON FISHING REGULATIONS

Regulations on Atlantic salmon fishing are contained in a publication of the Atlantic Sea Run Salmon Commission. Copies are available from wardens and license agents in the vicinity of Atlantic salmon rivers and from the offices of the Fish and Wildlife Department, Marine Resources Department, and Atlantic Sea Run Salmon Commission.

A special salmon license is required to fish for Atlantic salmon in all inland waters of the state and certain designated coastal waters. This salmon license is required in addition to a regular fishing license in all inland waters. Fees: Residents, \$10; Nonresidents, \$30. Salmon licenses may be purchased from the Fish and Wildlife Department, Augusta office, or from clerks of certain larger cities, certain larger sporting goods stores, or regular license agents in the vicinity of the Atlantic salmon rivers.

FIRE PERMITS

Using fire outdoors often requires a permit. Check with town fire wardens in organized towns and with forest rangers in unorganized territory.

LAWS PERTAINING TO LIVE BAIT AND BAIT DEALERS

A. Live bait restrictions. It is unlawful for any person to take, sell, use or possess, either dead or alive, for use as bait for fishing in inland waters, any pickerel, goldfish, yellow perch, white perch, bass, sunfish, crappie, hornpout, carp, or any spiny-finned fish.

B. Importation of bait-fish prohibited. It is unlawful to import into this State any live bait-fish or smelts.

C. Bait Dealer's License. It is unlawful for any person to deal in live bait-fish or live smelts without first obtaining a valid bait dealer's license. For further information, contact this Department. (NOTE: A person may take live bait for their own use, by the use of hook and line or bait trap only, if that person holds a valid fishing license.)

D. Permit to take bait from closed waters. Any person (including licensed bait dealers) who wishes to take live bait-fish from inland waters which are not currently open to fishing must first obtain a written permit from this department.

There is no charge for this permit. (NOTE: No permit is required to take bait-fish from inland waters during the open fishing season on those waters.)

E. Bait traps to be marked. All bait traps and bait holding boxes must be marked with the name and address of the person who is taking or holding the bait. (For further information or a complete copy of laws and regulations pertaining to live bait and bait dealers contact the Department of Inland Fisheries and Wildlife, 284 State Street, Augusta, ME 04333; phone: 289-3651.)

LAWS PERTAINING TO LICENSES

1. FISHING LICENSE: A person is required to obtain a valid fishing license prior to fishing in inland waters or transporting fish taken from inland waters.

(a) A person is required to keep his fishing license with him at all times while fishing or transporting fish and must show it to any warden, department employee, guide or landowner upon request.

(b) Possession of fishing tackle in the fields or forests or on the waters or ice of this State without a fishing license is prima facie evidence of fishing in violation of the law.

(c) **Maine residents** are required to obtain fishing licenses from the town clerk in the town in which they live or, if they live in an unorganized township, from the town clerk or agent in the nearest town. (Note: It is the responsibility of the applicant to submit proof of residency.)

(d) **Nonresidents** (including aliens) may obtain fishing licenses in person or by mail from the Department office in Augusta or from any of the numerous nonresident license agents throughout the State.

(e) A Maine resident (and members of his immediate family who live with him) may fish without a license from his own land if he lives on that particular piece of land and the land is used exclusively for agricultural purposes.

(f) Maine residents under 16 years of age and nonresidents under 12 years of age may fish without a license.

(g) In-patients at the Veterans Administration Hospital at Togus may fish without a license within 25 miles of Togus. (Note: Patients not under immediate supervision of a hospital representative must have a valid hospital pass while fishing.)

2. COMPLIMENTARY LICENSES: (obtainable only at the Department office in Augusta, except that Maine Indians must obtain licenses from their respective tribal headquarters.)

(a) A free license to fish will be issued, upon application, to any Maine resident who is blind.

(b) A free license to fish, hunt or trap will be issued, upon application, to any Maine resident who is 70 years of age or older. (Application may be made at any time during the calendar year of their 70th birthday.)

(c) A free license to fish, hunt or trap will be issued, upon application, to any Maine Indian who is a member of the Passamaquoddy, Penobscot, Maliseet or Micmac tribe.

(d) A free license to fish or hunt will be issued, upon application, to any Maine resident who is a war veteran, has a service connected disability of 100% or has served in a combat zone AND has a service connected disability of 70% or more.

(e) A free license to fish or hunt will be issued, upon application, to Maine residents or nonresidents (if reciprocal privileges exist in the home state of the nonresident) who are suffering from paraplegia or from the loss, or loss of use, of both lower extremities.

(f) The Commissioner may, upon application, issue free fishing permits covering groups of patients or inmates at certain State institutions, nursing homes, adult foster care facilities, etc. (Details may be obtained from the Department Licensing Division in Augusta.)

(g) A free fishing license will be issued, upon application, to any mentally retarded person (as defined in Title 20-A, §7001, sub-§3).

3. OTHER FISHING LICENSE PROVISIONS:

(a) A resident license to fish, hunt or trap will be issued to any person who is serving in the U.S. Armed Forces and is permanently stationed at a military base in Maine (includes spouse and children if they permanently reside with that person).

(b) A resident license to fish or hunt will be issued to any citizen of a foreign nation under 21 years of age who is living with a family in Maine in connection with any cultural or educational exchange program.

(c) A special combination license to fish and hunt will be issued at the appropriate fee to any serviceman who is on active duty in the U.S. Armed Forces and permanently stationed outside of Maine, provided he can show

proof that his home of record as recorded in his service record is Maine. (includes spouse and dependent children).

4. GUIDE'S LICENSE:

(a) Any person who receives any form of remuneration for his services in accompanying or assisting others while fishing, hunting, trapping, boating, snowmobiling, or camping is required to have a guide's license.

(b) No person may act as a guide until he is 18 years of age.

(c) Any person who wishes to become licensed as a guide must submit an application to the Commissioner on forms provided by the Department.

(d) Any person who has not previously been licensed as a Maine guide will be required to pass an examination before a Board of Examiners.

(e) Qualified applicants may be licensed as guides in either general or specialized classifications.

(f) Any guide who uses a motorboat in connection with his guiding activities, must obtain a motorboat operator's license.

5. CHILDREN'S CAMP LICENSE: A camp fishing license will be issued, upon application, to any boys' or girls' camp. This license allows any of the boys or girls who are under 16 years of age to fish in the lake or pond adjacent to the camp. Fees for this license are as follows:

(a) Camps which enroll under 50 campers - \$44.00.

(b) Camps which enroll between 50 and 75 campers - \$69.00

(c) Camps which enroll over 75 campers - \$100.00

6. CAMP TRIP LEADER'S PERMIT: Boys' and girls' camps which conduct trip camping activities within the State must comply with certain laws including a requirement that the staff member in charge of each trip hold a trip leader's permit. There is an initial \$14.00 fee for this permit which may then be renewed annually upon payment of \$9.00. For further information contact the Department office in Augusta.

7. FISHING DERBIES: A PERMIT (fee, \$10) must be obtained prior to conducting a FISHING DERBY or tournament.

Special permits and regulations apply to Bass Tournaments.
For further details, contact the IF&W Fisheries Division, 284 State St., Sta. #41, Augusta, ME 04333.

HIGHLIGHTS OF MAINE BOATING LAW

(For further information or a complete copy of the Federally approved Maine Boating law, contact the Department of Inland Fisheries and Wildlife, 284 State St., Sta.#41, Augusta, ME 04333; phone: 289-5230.)

See Special Fishing Rules for WATERS HAVING RESTRICTIONS ON USE OF MOTORS ON WATERCRAFT.

1. Any boat equipped with machinery of any horsepower must be registered, including boats such as sailboats, canoes, dinghies and rowboats. The OPERATOR must have the valid registration certificate on board and available for inspection at all times the boat is in operation.

NOTE: Before a boat can be registered, the owner must 1) submit proof that the excise tax has been paid to their town tax collector or that the boat is tax exempt and, 2) **pay sales tax or use tax on all new boats purchased from another person (casual sale).** Assigned registration numbers, validation stickers and excise tax decals must be displayed on both sides of the bow of the boat, in that order.

2. Boats validly registered in other states having a federally approved law can operate, for a period of 60 consecutive days, without licensing in Maine.

3. Craft less than 16 ft., and all canoes and kayaks regardless of length, must carry at least 1 Coast Guard approved personal flotation device (PFD), Types I, II, III or IV (buoyant cushion) for each person aboard; craft 16 ft. or longer must carry a Type I, II, or III for each person aboard, PLUS 1 Type IV device immediately available in craft. See Maine Boat Law for requirements for carrying passengers for hire or other commercial purposes.

4. Boating accidents involving personal injury, death or property damage estimated at \$100 or more must be reported to a law enforcement agency by the quickest means possible.

5. Prudent and reasonable speed is required at all times; operation to endanger persons or property, in a reckless manner, or under the influence of alcohol or drugs, is prohibited.

6. Watercraft operating between sunset and sunrise must display lights and carry such other safety equipment required by federal and state law.

7. An operator of a boat of more than 10 horsepower must be at least 12 years of age unless under the immediate supervision of a person at least 16 years of age.

8. For water skiing restrictions, see the Maine Boat Law.

WARNING

Maine has a tough "OUI" (operating under the influence) provision in its boating law.

A person is guilty of a criminal violation if that person operates or attempts to operate any watercraft: 1) While under the influence of intoxicating liquor or drugs or a combination of liquor and drugs; or; 2) while having 0.08% or more by weight of alcohol in that person's blood.

An enforcement officer may require a blood alcohol test when 1) the officer has probable cause; 2) when that person is involved in a watercraft accident.

WARNING

Hydro-electric Facility Warning

Many rivers have hydro-electric facilities which create a DANGER of rapidly changing water level without warning. For personal SAFETY reasons, we urge fishing from river bank only in such areas.

Fish Consumption Advisory

Because of the presence of low levels of dioxin (TCDD), the Department of Human Services recommends that fish consumption from the Androscoggin River be limited to 12 fish meals per year.

In addition the Department of Human Services recommends pregnant women and nursing mothers avoid eating fish from the following rivers: Androscoggin River; Kennebec River below Skowhegan; Penobscot River below Lincoln; Presumpscot River below Westbrook.
